SHIPMENTS TRACKING & PROOF OF DELIVERY

Dispatching24 is a Software as a Service cloud solution enabling real time tracking, verification & proof of delivery (PoD) to any delivery process. Drivers are using a special mobile app to update the system, while everyone (you, your customer, recipient) can follow the delivery status in real time.

DISPATCHING24 SERVICE IS TAILORED FOR ...

Small, medium or large size companies delivering products with their own fleet

Third party logistics (3PL) companies, forwarders, couriers, etc

Delivery companies using a combination of their own fleet and 3rd party providers

PAPER VS. MOBILE

PAPER BASED PROCESSING IS EXPENSIVE

- \$20 TO FILE A PAPER DOCUMENT
- \$120 TO SEARCH FOR A MISPLACED RECORD
- \$220 TO RECREATE THE COMPROMISED FILE

ENVIRONMENTALLY FRIENDLY SOLUTION

EACH OFFICE WORKER CONSUMES APPROXIMATELY TWO CASES OF PAPER PER YEAR.

For department of 40 colleagues that means chopping down

5 TREES ANNUALLY

INCREASED SPEED AND COST-EFFICIENCY

CLOUD SERVICES KEEP DRIVERS CONSTANTLY CONNECTED TO THE BACK OFFICE THROUGH THEIR MOBILE DEVICES.

MOBILE SCANNING AND SIGNATURE CAPTURE CAPABILITIES

HELP ELIMINATE A SIGNIFICANT AMOUNT OF PAPER FROM THE PROOF-OF-DELIVERY (POD) EQUATION.
